FIND SOLUTIONS AT THE UTC TELECOM & TECHNOLOGY 2019 EXPO

UTC TELECOM & TECHNOLOGY 2019 is your opportunity to join thousands of information and communication technology (ICT) professionals on June 19-20, 2019 in Ft. Worth, TX. Each day is filled with opportunities to learn from global experts who aren't solely talking about modernizing utilities – they're putting it to work. Connect with the more than 180 exhibitors in the Exhibit Hall where you will find the industry's leading solution providers dedicated to delivering the future products and services you need.

UTC CENTER STAGE & SMART SYSTEMS FOR SMARTER COMMUNITIES

Visit the UTC Center Stage Communication Center in the Exhibit Hall to charge up your mobile devices. This is a great place to meet up with your colleagues and walk the exhibit floor. Telecom & Technology 2019 will showcase smart systems on the Exhibition Show floor with our Smart Systems for Smarter Communities. Through this new focus our goal is to move attendees throughout the show floor as they interact with four demonstrator areas and the vendors participating. The Smart areas will focus on Substation, Smart Home, Utility Operations, and Renewable Energy technologies. Be sure to get all your stamps at each booth and turn in your Smart Communities Map for a chance to win a prize.

If you would like to register for the full conference, visit
