

ALL IN ONE. ALL FOR YOUR NETWORK.

Your leading one-stop shop for all materials, distribution, and supply chain management solutions supporting the telecommunications and broadband industry. We're more than a distributor, we're your trusted partner for technical and logistics expertise.

ONE-STOP SHOP ONE-ON-ONE CONNECTIONS

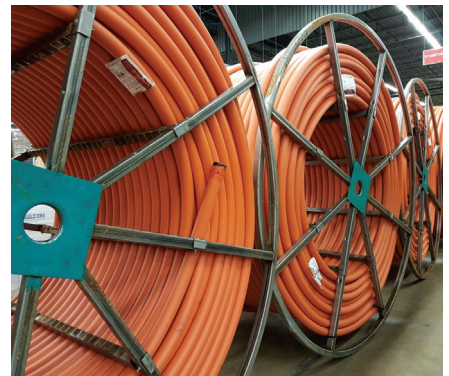

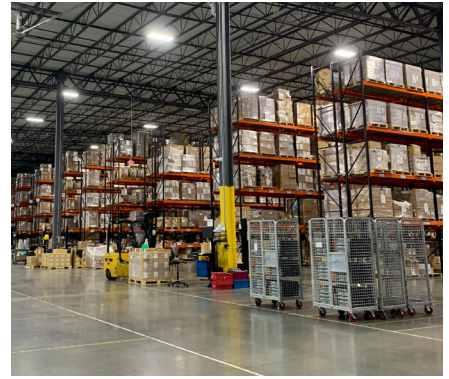

USTC Corp is a leader in distribution, logistics, technical engineering, and product design with global presence across 13 countries as part of ETC Group. USTC Corp acquired Walker, Comstar Supply, and Multicom, and together, we're redefining what a materials distributor and value-added services provider can be and do for our customers. We support cable operators, telecommunications service providers, rural utility providers, electric cooperatives, and contractors with a full range of products and solutions for seamless delivery of high-speed Internet, Video, Data, and Voice Services to Residential, Business, and Mobile Users.

We're All In for our customers, our partners, the future of technology, and for our employees. We're committed to what we do and the connections we create because we know that the materials and services we provide are about so much more than the network they create. It's about the people who use it... to help them better connect with the things and people they love because we want the brightest, most connected future possible.

BEST-IN-CLASS PRODUCTS AND SOLUTIONS

Our robust portfolio powers HFC, FTTH, FTTx, wireless, 5G/mobile, and data center technologies with extensive industry expertise and performance.

- Traffic & Signaling
- Wireless Infrastructure

LOCALLY INVESTED, GLOBALLY CONNECTED

With more than 40 locations across 13 countries, we're helping create a more connected future as part of ETC Group. We have 13 locations nationwide that make up over 1 million square feet of indoor and outdoor warehouse and storage capacity. Our one-stop shop makes it simple for you to purchase and install the products you need for your network. We maintain a thorough and efficient state-of-the-art distribution system, saving customers time and money with logistics expertise in warehousing, asset management, barcoding, scanning, configuration services, custom network deployment kits, transportation, and more.

FLEXIBILITY THAT BREAKS THE MOLD

CUSTOMIZED FOR YOU

We believe that customers deserve customization. With flexible delivery models, a plug-and-play approach, and modular set of value-added services, we're your trusted partner to support your business needs from basic procurement to supply chain management, and everything in between.

THE MATERIALS YOU NEED

We supply the products, materials, state-of-the-art tools and test equipment from the largest top-quality manufacturers for telecommunications providers, tier 1, 2, and 3 cable operators, rural utility providers, electric cooperatives, and contractors. From the headend to the home, we've got you covered with anything you need for the network.

THE RELIABILITY YOU WANT

You can count on us. Our timely focus will support your critical projects and operations, so you can focus on building, maintaining, and growing the network.

SAVE TIME

Our technical and logistics expertise, and our utilization of supply chain technologies help simplify and optimize your operations, allowing you to focus on your business knowing the supply chain is well managed.

SAVE MONEY

Our scale and expertise translate into significant operating and purchase cost benefits for our customers, letting you focus on helping your subscribers connect to the people and things they love.

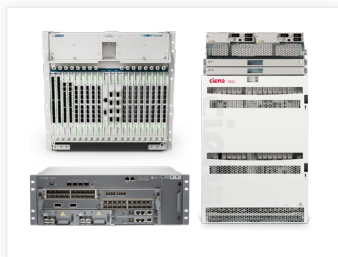

PART OF THE ETC GROUP FAMILY

USTC Corp was founded by Cédric Varasteh, Founder and Chairman of ETC Group, and is part of the ETC Group Family. ETC Group is a global leader in distribution, logistics, technical expertise, and product design since 1993, and supports over 14,000 customers worldwide, giving us the unique advantage of global purchasing power that helps drive costs down for our customers.

ON THE CUTTING EDGE TO GIVE YOU THE EDGE

ONE-STOP SHOP FROM A TRUSTED SOURCE

We have a comprehensive portfolio of over 55,000 SKUs of equipment, state-of-the-art tools, and top-quality materials available from nearly 1,000 global sourcing and supply partners.
