

Smart City

- Smart Transportation
- Smart Energy
- Smart Governance

Smart Decision

- Increased Citizen Engagement
- Reduced Opex and Increased Revenues
- Improved Operating Efficiencies

The Smart Cities revolution isn't coming, it's here. And if you're not in the process of transforming your community right now into one that uses information and communications technology to enhance quality of life and work, and increase sustainability, you're at risk of losing opportunities to other communities and wasting your city's precious resources. This means losing out on economic development, community growth, crucial business opportunities, and more.

Now more than ever before, residents and business leaders are requiring the crucial digital infrastructure that makes it easier to thrive in a hyperconnected digital world.

Fujitsu can help you move into the future with a co-creation program designed to get you to where you need to be. We'll work with you to develop much-needed programs like Smart Energy, Smart Transportation, and Smart Governance, all designed to save money, increase efficiency, and empower innovation.

To get started, call the Fujitsu smart city experts at 888.362.7763 and make a Smart Decision to take the first step into the future of Smart Cities.

shaping tomorrow with you

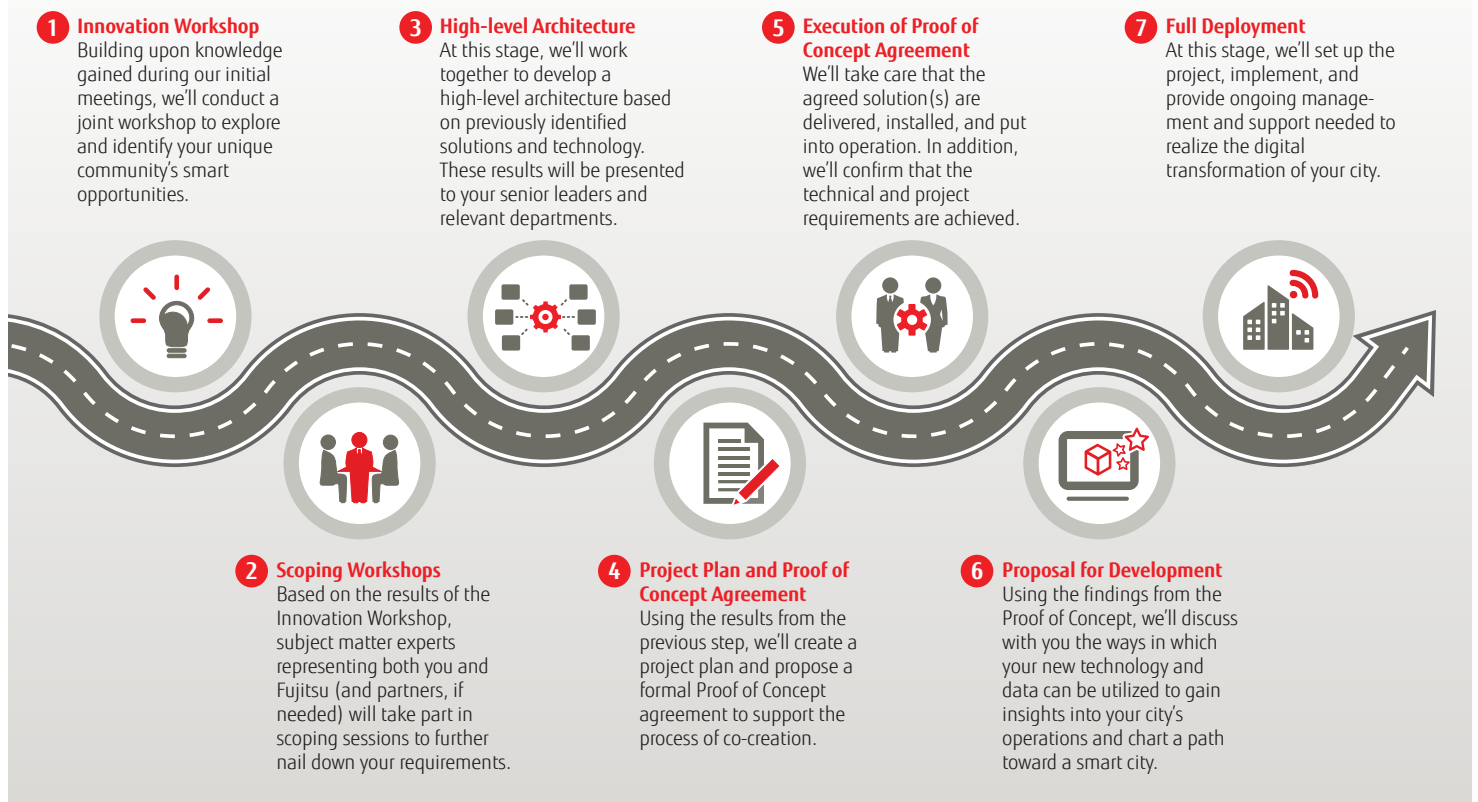

FUJITSU

The Road to a Smart City

Fujitsu offers a full end-to-end program designed to digitally transform your city. Working together, we'll co-create a unique solution that addresses your specific areas of concern, creating processes and systems that make sense for your community.

Digitally transforming your community is a complex task, but we've broken the process down into seven easily actionable steps as shown in the diagram below.

The Fujitsu Smart City Co-Creation Action Plan

Getting started is even easier. Just call the Fujitsu smart city experts at 888.362.7763 and make the Smart Decision to get the ball rolling. Don't let the Smart Cities revolution pass you by. Make the Smart Decision today!
